

K2-Auto cutting system (Fiber laser metal cutting system)

Auto loader / unloader system

Cutting size : 3,500 X 1,500 mm

Fiber laser (multi beam / dual beam) : 700w ~

SPECIFICATION

Detailed specification consultation required
070-4571-1900 (Technical sales team)

FEATURES

- Long-lasting life time(100,000 hrs.) of laser module
- High-speed robot/servo motor
- Automatically generating serial no., date, text, etc
- Automatic focus control
- Powerful multi-functional marking software

MATERIALS

- All kinds of metal

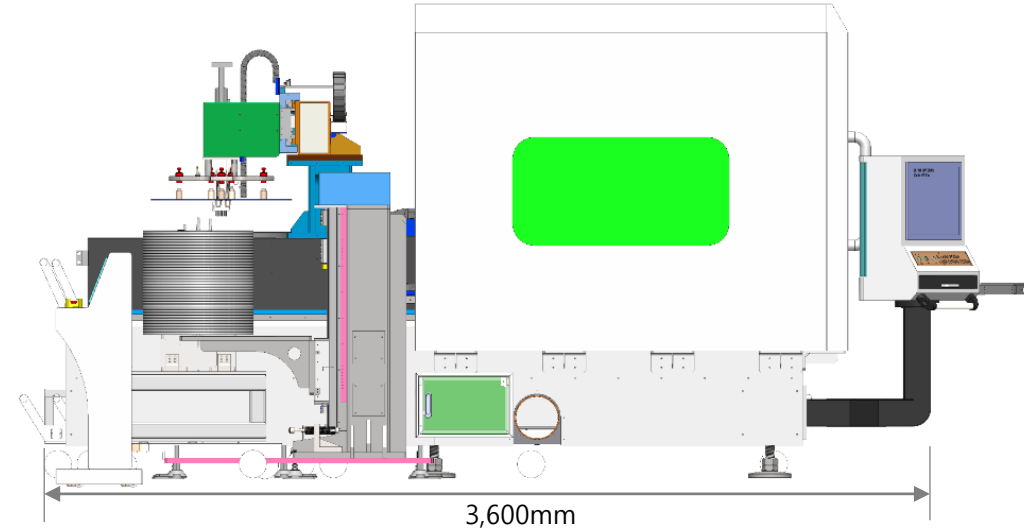

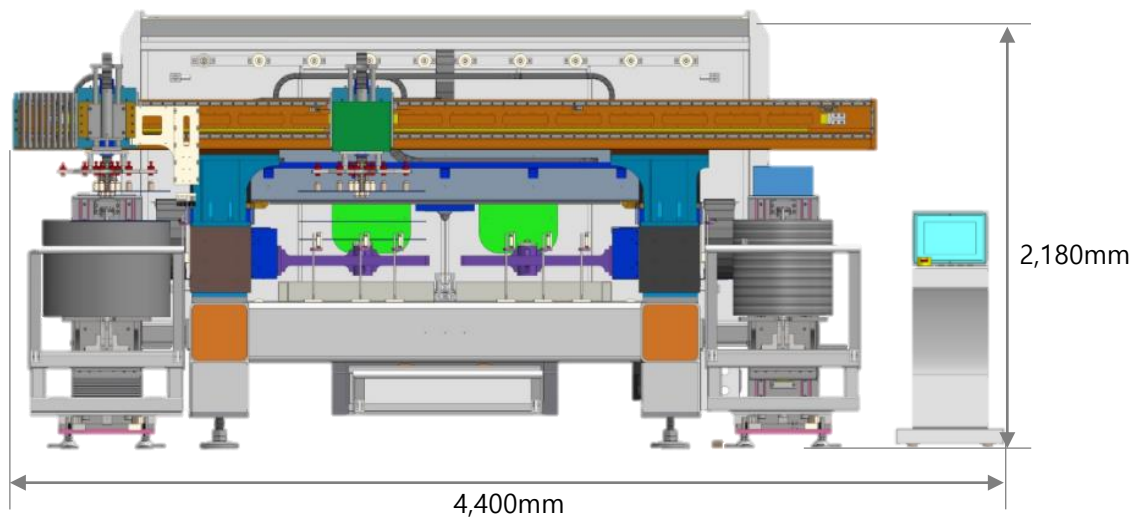

CONTROL SYSTEM

- Laser : pc control
- Body : PLC control
